SUMMARY OF EXAMINER INTERVIEW

Pursuant to 37 CFR 1.133(b), Applicant provides the following written statement regarding the substance of the telephonic interview conducted on August 18, 2004 between Examiner Lagman and attorney for Applicant Richard V. Wells.

The interview focused on a proposed amendment to independent claim 1 and the current 103 rejection of claim 1 over U.S. Patent No. 4,735,526 to Kawagoe in view of U.S. Patent No. 4,471,709 to Chun. The proposed amendment was faxed to Examiner Lagman prior to the telephonic interview. More specifically, Applicant discussed how the proposed claim amendment now makes clear the relationship between the pretensioned mooring lines and the jack-up type platform. The Examiner confirmed his understanding of the reasoning behind the proposed amendment. The Examiner and the Applicant also discussed a proposed additional independent claim. Additional details are provided in the contemporaneous amendment, filed herewith, and adopted herein by reference.

If the Examiner has any questions regarding this filing or the application in general, the Examiner is invited to contact Applicant's attorney at the below-listed telephone number.

Respectfully submitted,
